Two different ESL training options being offered

► **Formal classroom series free, open to Atlantic City Library adult cardholders.**

The Atlantic City Free Public Library is offering formal ESL classroom training.

The current 10-week learning series began Oct. 21 and was offered to Atlantic City Free Public Library adult cardholders.

Registration is closed for this session, though those interested in taking the classes in the future can put their name on a waiting list for

the next semester. Please call (609) 345-2269, ext. 3115, to get your name on the waiting list, and to set up an appointment to register and take a short placement test.

The class structure includes reading, writing and discussions on the class readings, which are based on everyday life situations.

Students can expect lessons in vocabulary, grammar and reading strategies.

These classroom sessions are free.

► **Free conversation sessions hit on language needed to discuss certain topics.**

The Atlantic City Free Public Library will hold ESL conversation sessions beginning in December.

These sessions will focus on a particular topic and the language needed to communicate about that subject.

No registration is required for these free sessions, which are open to both Atlantic City Free Public Library cardholders and non-

cardholders. People are invited to show up for the topics that are of interest to them.

Wednesday, Dec. 3, from 5 to 7 p.m. — Medical (ailments, contacting the doctor).

Wednesday, Dec. 10, from 5 to 7 p.m. — Public transportation.

Wednesday, Dec. 17, from 5 to 7 p.m. — Interviews and job skills.

Saturday, Dec. 20, from 2 to 4 p.m. — Shopping.

Please call (609) 345-2269, ext. 3115, for more information.

Author to discuss life lessons learned from top hip-hop songs

► **Felicia Pride will talk about her book *The Message: 100 Life Lessons from Hip Hop's Greatest Songs* and hold a writing workshop on Nov. 21.**

Who would have thought that you could get deep life lessons from hip-hop? Learn to deal with regrets by jamming to Jay-Z? Foster self-esteem listening to Mos Def? Exert your self-worth based on cues from a Queen Latifah song? Get career advice from an Ice-T rhyme? Reflect on spirituality through a Kanye West tune.

The Atlantic City Free Public Library is pleased to present a free book talk and writing workshop featuring author Felicia Pride at 3 p.m. on Friday, Nov. 21. The program will be held in the Main Library second-floor meeting room.

PRIDE

Pride will discuss her book *The Message: 100 Life Lessons from Hip-Hop's Greatest Songs*, which extracts the empowering lessons embedded within the genre's most popular music. Her book has been hailed as a "Chicken Soup for the Hip-Hop Soul."

In *The Message*, Pride uses short

essays, aptly titled after a hip-hop song, and written in the language of the culture, to explore the themes of spirituality, success, business and love. Pride goes on to share the wisdom she has learned from hip-hop and focuses on the positive influence the music has on its audience.

Pride will also discuss writing with the audience, provide writing tips and take a look at samples of their work.

Her other books include the young adult anthology *Hallway Diaries* and two chapter books for children — *Everybody Hates First Girlfriends* and *Everybody Hates School Politics*, which is based on the award-winning television show, *Everybody Hates Chris*.

In 2004, she founded BackList, an organization dedicated to harnessing the power of words to uplift individuals and their communities. BackList conducts writing, publishing and other creative workshops and seminars for all age groups; curates community events; develops creative initiatives, resources, and content; and consults with writers, artists, publishers and organizations.

Pride speaks on an array of topics including writing, publishing, hip-hop, media and literacy. She has

Scenes from Atlantic City Library Family Fun Festival on Sept. 27

Atlantic City's Grupo Axe Capoeira Academy performed an acrobatic Brazilian martial arts demonstration on Tennessee Avenue, next to the Main Library. There were also moon bounces and games outside.

(Above) The atrium next to the library was packed as people checked out the variety of attractions and activities. (Top right) Attendees made free sand art.

Children had the chance to play the drums with Michael Hoebler, right, of the International House of Blues Foundation.

The festival included plenty of great entertainment, including singer Gina Roche of Atlantic City.

A still walker checks out a mural, sponsored by Main Street Atlantic City, that was completely painted by the end of the festival.

Jazz appreciation program to combine historical overview, live performance

Jazz concerts have been among the most popular programs at the Atlantic City Free Public Library in recent years.

Coming this December, the library will offer another night of jazz, but with a twist.

The library will present Appreciating and Exploring The Creative World of Jazz — a program that will feature both an informative overview of jazz and live music — at 6 p.m. on Monday, Dec. 1, in the Main Library's meeting room.

Hassan Abdullah of the Hassan Abdullah Quintet will lead the program, which will cover the evolution of jazz. Learn about jazz's different eras and styles, including its African origins, work songs and field hol-

lers, gospel and spiritual music, blues and folk music, ragtime, Dixieland and New Orleans music, swing and big band, be-bop, soul jazz, avant garde and smooth jazz.

The Abdullah Quintet, which has been a favorite among those attending the library's musical events, will also perform examples of many of the styles of jazz that are discussed.

Abdullah will also talk about improvisation and the creative process, great jazz legends and songs, and the jazz scene in Atlantic City.

This 90-minute program is free and open to people of all ages.

One of the library's online resources gives students access to live tutoring help

Did You Know?

The Atlantic City Free Public Library offers many great resources that can assist students with their homework.

One of those resources is Live Homework Help™, an online tutoring service powered by Tutor.com™ that connects students to expert tutors in math, science, social studies and English via the Internet.

This free service is available here at the library — or, if you have an Atlantic City Library card, from any computer. Students can connect online to an expert tutor from 3 to 10 p.m. seven days a week. To reach a tutor, a student simply needs to visit the library website — www.acfpl.org — click on the Live Homework Help link, enter their grade level and the subject that they would like help.

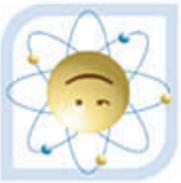

Spanish-speaking tutors are available to help students in math and science from 3 to 10 p.m. Sunday through Thursday.

Students are connected to a tutor in an Online Classroom for one-on-one help in math, science social studies and English.

All tutors are certified teachers, college professors, professional tutors, graduate or undergraduate students from across the country.

Tutor and student work in a secure online classroom — a tutor only sees a student's first name — and no personal information is exchanged between tutors and students, ever. Tutors are also assigned mentors who regularly review their tutoring sessions.

To find out more information about this valuable resource, please call the Youth Services Department at (609) 345-2269, ext. 3050.

WHY I LOVE MY LIBRARY CONTEST

The last two editions of *Discovery* have highlighted all of the youth honorees and the adult winner from the Atlantic City Free Public Library's "Why I Love My Library" contest.

Listed below are additional adult honorees. Thank you to everybody who participated for your time and great entries.

Evelyn Wong, second place: "What better place is there to fill your mind with a 'world' of music, movies, special events, and, of course, books in every category imaginable than the A.C. Public Library. I need nothing more than stepping through the doors to be transported to a place that instantly gets my mind traveling, whether through a garden, to a newly discovered planet or even simply to the beaches of the Jersey Shore. And the experience is made even better by the wonderful staff that greets my everyday!"

Ramesh Bhalja, honorable mention: "I love ACFPL so much because, not only does it give free access to a number of daily newspapers and magazines in English, but also in foreign languages, which is of much importance to people like me who come from India and other countries . . . I love the library so much that if I

fail to visit on any day, it gives me a mental pain. God bless America."

Florence Matteo, honorable mention: "At age six, my father took me and my brothers and sister to get a library card. From that day on, I have loved my library. I have been coming for 73 years and much has changed for the good. Now there are free videos, arts and crafts for children, the latest magazines and newspapers, a floor for children's books. Then a big plus is it's open on Sundays. The staff is excellent, always polite and helpful. What's not to love about the library?"

Angelica Sanchez, honorable mention: "The reason I love my library is because it is one of the few places in Atlantic City where I can come and feel at peace and relax with a good book or even at a computer. . . . I came by myself for the first time, but as I kept coming I got my cousin, niece and lots of friends to sign up (for library cards). . . . The reason why I love my library is because it is a place for everyone of all ages to come and enjoy themselves. This library thinks about everyone, from donating food to having activities. I just love my library."
